BETHEL TEACHER RETIRES AFTER 43 YEARS OF SERVICE

Miss Helen Varner was honored at the Telstar Gymnasium on Sunday, June 2, upon retirement from the teaching profession after 43 years of service.

Miss Varner was escorted to her seat of honor by her present principal, Edward Flynn.

Basil Kinney, Superintendent of Schools in M. S. A. D. 44, gave the opening greetings and the invocation was by Rev. Tom Caton, of the West Parish Congregational Church, where Miss Varner is a member.

Miss Helen Varner

Miss Varner was born in New Germany, Nova Scotia, and graduated from Dixfield High School in 1926. She then attended Farmington Normal School, graduating in 1928. She later returned to Farmington, and received her B. S. degree in 1958.

Attending the occasion, and extending greetings to her, were many friends and former pupils from the various schools where she has taught. She was presented flowers representing the numbers of years in each town including Livermore, Hebron, Newry, Lovell, and in Bethel since 1944.

Following presentation of many gifts and mementoes of her teaching years, the program was concluded with a receiving line and refreshments in the school cafeteria.

SENIOR CITIZENS TO MEET AT CONGREGATIONAL CHURCH

The Senior Citizens will meet on Tuesday, June 11, at the West Parish Congregational Church instead of the Locke Mills Town Hall as was previously planned. The meeting will begin at 11 a. m. and the luncheon will be served by the ladies of the Mt. Abram Fish and Game Assn. A program will follow with Mrs. John Hankins of Oxford giving a talk and showing slides of the pilgrims in Holland.

Mrs. Joe Perry is a surgical patient at Rumford Community Hospital.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

Explorers Post #732 from the South Paris-Norway area will conduct a bicycle safety check at the Fire Station June 15, at 1:00 p. m. This project is to be sponsored by the Oxford County Sheriff's Dept. The Explorer Post consists of young people who should be familiar with all models of bicycles. We have not been told if there is a charge for this service but assume there is not.

We have been notified officially the County Commissioners are going to lay out a road across Donald Holt's land in East Bethel for the benefit of Danny Long. Prior to the town doing any work on this road we will seek approval of the townspeople via a town meeting. There will have to be a considerable amount of money requested as it will be a major construction project to bring this road to a condition that we can maintain it year around.

A girl has been hired to work in the town office to help type the valuation book. This will be temporary help during the tax work and vacations. We will not know what impact the distribution of food stamps will have on the work load until we have done it awhile. There apparently will be many eligible for stamps that did not receive donated commodities.

BLAKE HURLS TELSTAR TO WESTERN MAINE TITLE WITH 9-0 NO-HIT WIN WEDNESDAY

Peter Blake exerted near-perfect control as he pitched a 9-0 no-hitter over Massabesic, which earned Telstar the Western Maine Class C baseball title on the Bethel field on Wednesday.

The Rebels reached the sectional title clash with a home field 12-2 win over Valley High of Bingham on Monday, and a 3-1 win at Richmond on Tuesday.

Telstar's perfect 19-0 season comes down to its final test Saturday. The Rebels will play at Sumner of East Sullivan in a 1:30 p. m. game to determine the State Class C Champion. Sumner won the Eastern title Wednesday by defeating Island Falls, 4-1.

Blake allowed only four base runners the entire game, two each by walks and hit batsmen. He fanned 10, and was backed up by flawless fielding.

The Rebels also provided ample support at the bat to complement Blake's hurling. Al Seames cracked a pair of doubles and Blake had one himself as Telstar picked up an even dozen hits.

MOSES MASON HOUSE TO RECEIVE VISITORS TONIGHT

Tonight (Thursday) from 6:00 to 7:30 the public will have its first chance to view the interior of the Moses Mason House. The Bethel Historical Society is proud that the House will be listed in guidebooks as a national historical landmark but also hopes that each citizen will come to feel a personal pride in this newest reason why Bethel is "on the map". The best and easiest way to become part of the project is to visit the Moses Mason House.

Mrs. Gerry Howe has recently donated a candlestand, Mrs. Stella Skellings a featherbed, Mrs. Agnes Haines a husk tick and Mrs. Richard Harding an assortment of fire place tools. Covered brick doorsteps have been contributed by the ladies of the Congregational Church and by Mrs. Carolyn Brooks. An old-fashioned rag doll has come from Mrs. Floribel Haines, a rolling pin and gem pan from Mrs. Donald Eddy.

There is now a telephone at the Moses Mason House and the curator, Stanley Howe, can be reached at 824-2208. If you have something to donate call this number and arrangements will be made to collect it. Still being sought are another featherbed; dry sink; trestle table; cheese press; cheese basket; milk pans; small milk cans, and miscellaneous kitchen utensils.

GREENWOOD CITY

— Mrs. Colista Morgan, Correspondent —

June 1, and how delightful the day has been! There was golden light and fresh green beauty all over the valley. New grass was reaching toward the sun while the vines and creeping tendrils displayed themselves along the walls. Such a change from the gray days of the past week. All afternoon I turned the soil and planted seeds.

"I never saw the sky more blue than on this June-time day. I never saw the grass more green along my springtime way. Somehow the world is all in tune. This day so soft and fair. I never found a richer gold than in the sunshine there."

Garnett Ann Shultz

The air vibrated with bird song. There was the Redstart, a pent-up bit of feathered energy in his pleasing harmony of black and flame color, a delight to the eye. He never sits sedately but is restless, a harum-scarum sort of fellow. He called over and over "use use."

Rosebreasted grosbeak perched in the maple, and poured out his song occasionally uttering his sharp note "cek." I now have four pair which spend a great deal of time at my feeder. Sometimes all four males appear at the same time, a beautiful sight. I have learned to tell them apart and know their habits. One is the "Fighter" for he drives even the Blue Jay but "King" which can drive "Fighter."

CARD OF THANKS

I would like to thank everyone who has been so kind to me and my family during my hospitalization and since my return home. I would also like to send a special thank you to all the friends and neighbors for the lovely sunshine box.

is driven by all others. "Sleek" is afraid of his shadow but is slender and lovely. "Droopy" wings slightly down usually gets along well. At times the females are there too. They share their time on the nest. He is beautiful, tuneful and useful.

High in a maple a nuthatch had a home in a hole in a limb. One came, entered, stayed until another came, then flew. This was repeated several times.

Pond waves licked the shore as the kingfisher splashed for a fish. The Canada warbler, wearing his lovely black necklace and the Blackburnian warbler flitted about. I met the latter a few days ago. What a gorgeous thing he is when the sun hits his frontlet, flashing out like a burning flame.

I DID get my work done even though I had many lovely visitors. With sun all around spreading itself over grass and garden, field and hill, and June as yellow as a daisy's eye, what could be a better place to work!

Then came the evening when the sun sank behind the hills and bathed the world in its dying light; rose reflected in the pond. An infinity of stars, little peep-holes in the sky, took its place while a million frogs

voiced their pleasure among the deep shadows spreading their coolness over the productive earth.

At last the apple blossoms have come out. The cold wet weather hasn't been very conducive to the growth of our plants. Gardens are wet in many places so have not been planted as yet. We finally placed the plants in the grave yard urns at West Paris. Let's hope we on't have a freeze on the full of the moon.

Without a doubt, the MVC is a good competitive league, yearly it produces some fine baseball and basketball teams, as well as some outstanding individual players. So team, the MVC you have, now let's go out and get the big one, the State.

Congratulations are also in order for those persons that afforded their time and efforts from these players, Little League through Pony League days, am sure all were well prepared for their first Telstar sign up day.

There should be a special thanks to Ginny Brown and Sonny Blake for their extra efforts in helping most of these boys towards this year's team. The Summer Baseball Program results are most gratifying, am sure that former managers and coaches of these boys are proud of having had a part of this team's ability.

Also a real big thanks to Drew Webster and Paul Bodwell for their tireless effort over the years to keep the summer program rolling from behind their shingards, their task has gone far towards making each of our players a better athlete and young man.

I'm sure that each member of the team has a special thanks to all that have helped them along the way from their baseball start. We have a darn good baseball program throughout our entire School District, so all you young ballplayer helpers, let's keep up the good job, a new group comes along each summer, am sure you will contribute as in the past.

LETTER TO THE EDITOR

Bethel, Maine
June 3, 1974

To the Editor:

On Tuesday, June 11, the Republicans will have an opportunity to vote for one of four candidates for the Party nomination for Governor.

I am voting for Harry Richardson. I have known Harry for over 20 years and watched his political career with much interest. He has been willing to take a stand on difficult political issues. His service in the Maine House and Maine Senate—including four years as House Majority Floor Leader—has given him an excellent background for the issues facing the State today.

Since the Primary results are expected to be close, each vote counts. I urge all Republicans to vote on June 11 for Harry Richardson—the candidate who can win the election in November.

Yours truly,
Dexter M. Sowell

To the Editor:

The Summer Baseball Playoff

Congratulations Telstar Rebels and Coach Brown for your excellent team and baseball record for the year. The weather had little to offer for your early season work outs, the schedule was trying due to rainouts, also managed to be cold and windy on "Play Ball" days, but your desire off set all.

Coach Brown has a ball club that can take the field with any high school team in the state and let it be known that they came to play

R. C. FOSTER SCHOOL STUDENTS STUDY ENDANGERED SPECIES

— The students of the Raymond C. Foster School recently have been studying the world's endangered wildlife. As a class project, the pupils drew posters and wrote letters and poems showing their concern for our many dwindling species. These materials were then sent to Senators Muskie and Hathaway and Representatives Kyros and Cohen. Their responses were very favorable. The posters sent to Mr. Muskie hang in his Senate office in Washington, D. C., in praise of our pupils for their concern. Mr. Kyros, Mr. Hathaway and Mr. Cohen also sent a letter of thanks for the posters and poems they received, which decorate their offices as well. The faculty of R. C. F. are proud that their students care.

Mr. and Mrs. Craig Walker spent the week end on Cape Cod and attended the wedding of Miss Candy Stone and Richard Crawford Taisey in Duxbury, Mass.

Miss Rhonda Parker of Devon, Conn., and Tom Gwinn of Milford, Conn., are visiting at Mr. and Mrs. Ronald Stevens and Mr. and Mrs. Guy Parker this week.

Mrs. Amy Davis attended the Annual Vocational Club Banquet in Rumford last Thursday. This is held each year by the Vocational Club of Rumford High School.

Dorene Tibbets spent the week end at home from her duties at Pineland Training Center. She had as guests a friend Debbie, from Boston and a patient, Cindy Adams.

Because the Oxford County Council meeting is scheduled in Dixfield on June 11, the regular meeting of Mundt-Allen Post, American Legion, will be held on Tuesday, June 18.

Recently Carrie Sue and Warren Tibbets and Mrs. Aline Stowell, Littleton, Colo., drove through the mountains to Central City where they toured one of Colorado's richest gold mines and explored the local "old west" saloons.

Victor Coolidge, Mr. and Mrs. Ernest Angevine and Mrs. Rena Abbott attended UMG graduation exercises in Portland, May 26. Judy Coolidge completed her studies Cum Laude in January and was in the graduation.

Last week Mrs. Earl Williamson had as visitors Earl S. Williamson Jr. and son, Peter, of New City, N. Y., granddaughters, Mrs. Gary J. Conrad and Evelyn George of Rahway, N. J., and their friends, Mrs. Paul Erickson and son Danny, also of Rahway.

The History of Upton, which has recently been published, has over 100 pages and over 35 illustrations, largely photographs taken around the turn of the century. For a small hill town and one where practically all of its town and church records had been lost through fire, there is a surprising amount of information about Upton and its people and the Umbagog Lake Region.

The compiling of the town history was started 35 years ago by Charles Heywood, who moved from Weston, Conn., to Bethel in 1855. He is descended from Joseph and Harmony Stone, the first settlers on Umbagog Lake.

Of particular interest is the history of Plantation B, as it was called prior to 1860, written in 1907 by William Brewster. He was a Professor at Harvard and is now recognized as having been one of the foremost American ornithologists. He visited Upton every summer from 1871 to 1907. His book "The Birds of the Umbagog Lake Region," was printed in the Bulletin of the Museum of Comparative Zoology, the museum being better known as the Agassiz Museum. A copy of this book is available at the Bethel Library. Over 30 Upton residents of those years are mentioned in connection with his field work.

The Upton History also includes the ownership chain of each of the 35 homesteads as well as genealogies of each family.

Copies of the history may be obtained from Kimball Ames at the Bethel Savings Bank.

HISTORY OF UPTON
RECENTLY PUBLISHED

The History of Upton, which has recently been published, has over 100 pages and over 35 illustrations, largely photographs taken around the turn of the century. For a small hill town and one where practically all of its town and church records had been lost through fire, there is a surprising amount of information about Upton and its people and the Umbagog Lake Region.

The compiling of the town history was started 35 years ago by Charles Heywood, who moved from Weston, Conn., to Bethel in 1855. He is descended from Joseph and Harmony Stone, the first settlers on Umbagog Lake.

Of particular interest is the history of Plantation B, as it was called prior to 1860, written in 1907 by William Brewster. He was a Professor at Harvard and is now recognized as having been one of the foremost American ornithologists. He visited Upton every summer from 1871 to 1907. His book "The Birds of the Umbagog Lake Region," was printed in the Bulletin of the Museum of Comparative Zoology, the museum being better known as the Agassiz Museum. A copy of this book is available at the Bethel Library. Over 30 Upton residents of those years are mentioned in connection with his field work.

The Upton History also includes the ownership chain of each of the 35 homesteads as well as genealogies of each family.

NORTHWEST BETHEL - UPTON

—Mrs. Louise B. Chapman, Corres.—

The younger generation, when are you one? You are one when you're six, you are one when you're sixty. My generation is hardly young, nor is it old. My generation is part of the "post-war baby boom", a big generation, a confused generation. Our ideas are as different as they are alike. The only reason I started thinking about generations, as such, happened the other day. I happened to see a boy, now a man, that I used to babysit for. I also saw his wife and baby. I had flashbacks of spilled sodas, hiding at bedtime, and broken windows, yet standing in front of me was an adult with a child of his own. I'm sure this is an experience most of us has or will share, but it sure does make you think. As soon as you're born, you become a member of some generation, only to pass on to another, and yet another.

LEAD POISONING IS THREAT
TO YOUNG CHILDREN —

—SCREENING CLINIC SCHEDULED

At Congregational Church June 10 Lead poisoning is a serious and some times fatal disease of young children. It can cause mental retardation, behavioral problems, kidney disease and blindness. The problem is environmental as well as medical, because the lead that poisons children usually comes from their own homes.

A study on lead poisoning conducted by the Maine State Bureau of Health during 1973 revealed a statewide incidence of 8%, which far exceeded the national figure of 4%. The study detected over 400 children under 6 years of age with abnormally high lead content in their blood. Of those 40 children, 16 had to be hospitalized.

The most common cause of lead poisoning in children is the ingestion of lead paint chips or other materials containing lead. Lead water pipes, improperly glazed pottery, and car battery casings are also hazardous, but in most homes tested through the lead screening program, lead paint was the major source of poisoning. Lead paint is
